# New Energy on the Board

Board elections occurred at the Annual Meeting in September and the new board has met only once since then. The new board is ready to go with new energy, ideas, and interest to reach out to all residents of Prospect Park. We invite ALL residents of Prospect Park to join in the work of making our neighborhood continue to be a wonderful place to live. Committees are a great way to get involved. Some meet on a regular basis and others meet as needed. Meetings might not be your cup of tea, so there are other ways to be an active member. Watch this newsletter, the PPA Facebook page, Twitter, and the Prospect Park Neighborhood Website for ways to find your niche.

## Spire Partners with HOURCAR to increase Mobility Options

SPIRE recently announced its partnership with HOURCAR, an independent, nonprofit carshare organization. Car sharing complements other forms of transportation such as walking, biking, transit and taxicabs. An access hub is now available at SPIRE's Minneapolis location. HOURCAR gives people in the Twin Cities region a tool to minimize car travel, resulting in cleaner air and fewer greenhouse gas emissions. HOURCAR is also committed to increasing transportation and car-sharing access to everyone in the Twin Cities, especially in underserved communities. "Our Minneapolis branch is in the heart of Prospect Park, which is amidst redevelopment and

revitalization," says Grace Jones, SPIRE's Minneapolis Branch Manager, "We're proud to be able to contribute to the area's efforts to be environmentally friendly"

## News from Southeast Seniors

Join the volunteers at Southeast Seniors who help someone get to a doctor's appointment, shop for groceries, visit the library, or help someone around the house. ## Feedback Sessions about plans for Stadium Village development

A subsidiary of the University of Minnesota Foundation recently purchased multiple parcels of land in Stadium Village to build on their vision of a "gateway" from the University to the broader community. The Motley vision aims to support the University of Minnesota and the Twin Cities region with a new community-oriented economic

development plan for the Stadium Village area. The subsidiary aspires to bring UMN research into the community, curate an active mixed-use ground floor and public realm experience and provide new resources to support Twin Cities innovation. The plan will build on authentic community assets and better connect regional ones. Check out [the website](#) for more information!

There are two feedback sessions in December at the Motley office (825 Washington Ave.) in [Stadium Village Mall, Visus Group, Second Floor](#):

- Monday, December 17 from 4 to 6:15 pm - [register here](#)
