Prospect Park Garden Walk and More

For the past many years, the Prospect Park Garden Club has offered an opportunity to peek into neighbor's yards to see what they are doing with their gardens. This year, the Garden Club will partner with the Environment Committee to explore the theme "Healing the Earth." There will be an opportunity to see 9-10 gardens to get design ideas and growing tips as well as learn about additional ways to heal the earth through alternative sources of energy for houses

and vehicles, reducing our carbon footprint. Participants can meet and talk to homeowners who have installed solar panels, heat pumps, use geothermal or mini-splits for heat sources or elect to drive electric cars or bikes. (Check out the opportunity to try an electric bike at the park at 29th Ave./4th St.).

Check in will be at Pratt School where you can get a map, purchase plants from the Garden Club, or books from neighbor, Kent Petterson's Terrace Horticultural Books. Get out to see your neighbors, enjoy a beautiful day, and gather ideas for healing the earth.

"LOVE IN ISOLATION"

A Photo Art Exhibit

10am-4pm Saturday, June 26th outside on Pratt School grounds

“Love in Isolation: Sheltering in place to flatten the curve” by local Prospect Park photographer [Dan Marshall](#), is a Prospect Park community-based portrait photography project documenting people sheltering in place for the common good during the pandemic. You will see images of people on their front porches, steps, or inside their front windows, shot with long lenses at an appropriate social distance. The project documented an unprecedented time in history, to emphasize the importance of social distancing, and recognize that people sheltering in place are doing so to protect themselves, and more importantly, their larger communities. Through this documentation process, the project reinforced the importance of community and a sense of connection during a disconnected time. “Love in Isolation” was funded in part by the Prospect Park Coop Legacy Fund.

**Anti-Displacement Agenda Open House/Engagement Session:
Opportunity to learn more about the anti displacement
agenda. We would love for you to join us!**

In person: Come to Tower Hill Park after the garden tours/yard/trunk sales on Saturday, June 26 to meet some neighbors, ask questions, or learn more! We will be there for conversation and questions from 4-5:30pm. Stop by any time!

Prospect Park History Books and More Available June 26th

Please help PPA and our neighborhood by picking up one or more of these items, shown below, on June 26th during the Prospect Park Yard Sale and Garden Walk. **All items will be available at 6 locations shown on the Yard Sale flyer.** Books and parking decals will also be available on June 26th at Pratt School while the Yard Sale and Garden Walk are taking place. **Take several** for yourself—and a couple more to share with neighbors!

Book: Tower Hill Park: A History, 1997

Parking Decal: Tower Hill Park graphic

Poster: Watercolor poster of Prospect Park homes & map of streets, 2014
